A

C

Webinars are different from typical Zoom meetings.  
Webinars offer maximum control over the audience.

### **In Zoom Webinars there are 3 different roles**

**Participant:** Audience members. May be allowed to ask questions, but only to panelists.

**Panelist:** Presents content. Can speak, share video, answer audience questions.

**Host:** Conducts all technical aspects of the meeting and act as police to keep meeting secure.

### **Participant overview:**

STEP 1: Receive link to registration.

STEP 2: Fill out registration.

STEP 3: Receive confirmation of registration and link to event.

STEP 4: Open link at the webinar start time to join.

### **Panelist overview:**

STEP 1: Receive Panelist invitation with panelist link to event.

STEP 2: Open link a little before webinar start time to test audio and video.

## **Host overview (detailed instructions to follow):**

STEP 1: Schedule a Zoom Webinar

STEP 2: Edit settings on Zoom Webinar

STEP 3: Send out email to Panelists

STEP 4: Send out Registration email to Participants.

STEP 5: Approve Participants' registration requests

STEP 6: Launch Zoom Webinar

STEP 7: Start Webinar – Panelists Admitted and Live Settings

STEP 8: Start Broadcasting – Participants Admitted and Start Recording

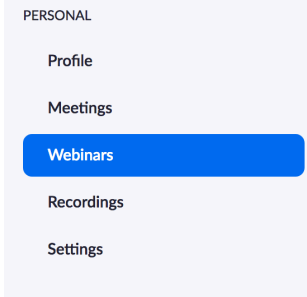

**Note: Please ask questions or request training via email: [sscs@uci.edu](mailto:sscs@uci.edu).**

## STEP 1: Schedule a Zoom Webinar

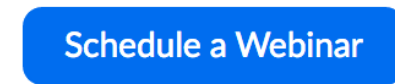

1. Login to <https://uci.zoom.us> to see your settings. If you don't see your personal settings, select MY ACCOUNT from the upper right-hand corner.

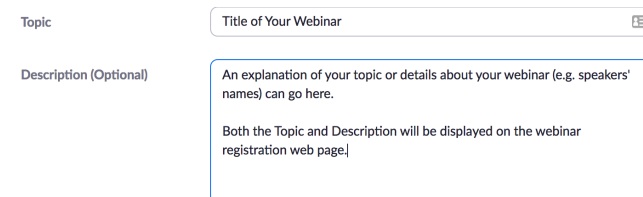

2. On the left-hand side of your account settings page, click **Webinar**.

3. Click the blue button **Schedule a Webinar**.

4. Fill in the **Title** and **Description** of your webinar and choose the **date** and **time**.

A screenshot of the Zoom webinar scheduling form. It has two columns. The left column has labels 'Topic' and 'Description (Optional)'. The right column has a text input field for 'Title of Your Webinar' with a calendar icon on the right. Below this is a larger text area for the description, which contains placeholder text: 'An explanation of your topic or details about your webinar (e.g. speakers' names) can go here.' and 'Both the Topic and Description will be displayed on the webinar registration web page.'

5. Next to **Registration**, check the box next to **Required**.

Registration

☒ Required

6. Next to **Video**, set to **on** for both the host and the panelists.

Panelists

☒ On ☐ Off

7. Under **Webinar Options**, check the box next to **Q&A** and check the box next to **Enable Practice Session**.

Webinar Options

☒ Q&A

☒ Enable Practice Session

☐ Only authenticated users can join

☐ Record the webinar automatically

8. Click the **Schedule** button at the bottom to finish scheduling the meeting.

Schedule

Cancel

## STEP 2: Edit settings on Zoom Webinar

1. After completing STEP 1, you should be on the webinar management page for the webinar you just created. You can edit the settings you just selected by clicking the button **Edit This Webinar**. Instead, please head to the bottom of the page, where you will see a small menu with tabs labeled: **Invitations**, **Email Settings**, **Branding**, **Polls**, **Q&A**, **Integration**, **Live Streaming**. Clicking on any of these links will bring up a small menu of options.

[Invitations](#) [Email Settings](#) [Branding](#) [Polls](#) [Q&A](#)

2. Click on **Invitations**.

**Invitations**

3. Scroll down to the **Approval Options** and click the **edit** link on the right.

Approval  
Options

Manually Approve

[Edit](#)

✓ Close registration after event date

✗ Allow attendees to join from multiple devices

✓ Show social share buttons on registration page

4. Change **Approval** to **Manually Approve**.

Approval

☐ Automatically Approve

Registrants will automatically receive information on how to join the webinar.

☒ Manually Approve

The organizer must approve registrants before they receive information on how to join the webinar.

5. Under **Other** options uncheck **Allow attendees to join from multiple devices**.

#### Other options

- ☒ Close registration after event date
- ☐ Restrict number of registrants
- ☐ Allow attendees to join from multiple devices
- ☒ Show social share buttons on registration page

## STEP 3: Send out Invitation email to Panelists

1. Under the **Invitations** menu look for **Invite Panelists** and click the **Edit** link on the right.

Invite Panelists

No panelists invited

Edit

2. Fill in the **Name** and **Email** for each Panelist.

### Panelists

×

Invite a person or a Zoom room as a webinar panelist

Delete

[Add Another Panelist](#)

3. When you click **Save** at the bottom, email invitations will be sent to all of your panelists.

☒ Send invitation to all newly added panelists immediately

Save

Cancel

## STEP 4: Send out Registration email to Participants

1. Under the **Invitations** menu look for **Invite Attendees**. You will find the registration link beneath **Registration URL**.

2. Simply copy and paste that link to your email invitation or announcement to allow others to register to attend this webinar.

# STEP 5: Approving Participants' Registration Requests

Timing

- For added security, we recommend approving registration requests the day of or day before the event.
- Many people also register at the last minute, so we recommend taking another look at this section immediately before the event starts.

1. Under the **Invitations** menu look for **Manage Attendees**.

[Invitations](#) [Email Settings](#) [Branding](#) [Polls](#) [Q&A](#)

[Manage Attendees](#) Registrants: 12  
Approved: 0

2. Click the **Edit** link to the right.

[Import from CSV](#) | [Edit](#)

3. That opens your approval screen with three tabs towards the top: **Pending Approval**, **Approved**, **Denied/Blocked**.

[Pending Approval \(12\)](#) [Approved \(0\)](#) [Denied/Blocked \(0\)](#)

☐ Registrants      Email Address      Registration Date

4. Under **Pending Approval**, select some or all of the attendees and click **Approve** below. Those people are now marked as Approved.

Search by name or email Search

[Pending Approval \(12\)](#) [Approved \(0\)](#) [Denied/Blocked \(0\)](#)

---

☐ Registrants ☐ Email Address ☐ Registration Date

Approve Deny « Previous 1 Next »

5. Approving a group of people will take you automatically to the **Approved** tab, which is annoying. To approve the next set of people, you will need to click on the **Pending Approval** link at the top.

[Pending Approval \(11\)](#) [Approved \(1\)](#) [Denied/Blocked \(0\)](#)

6. Repeat STEPs 4 and 5 until you are finished.

☒ Registrants Approve Deny ☒ Registrants Approve Deny

7. You may also deny any of the registration requests if you have reason to do so; this would prevent someone from attending the Webinar and place them in the **Denied/Blocked** group.

Approve Deny [Denied/Blocked \(0\)](#)

## STEP 6: Start Webinar – Panelists Admitted and Live Settings

Tip:

Arrange for your Panelists to connect to the Webinar 10 minutes early if possible.

1. Login to Zoom and click on Webinars.

2. Find the webinar you are going to run and click the **Start** button on the right.

Webinar ID

960-8159-4985

Start

Delete

3. Once you are logged in, you should see yourself if your camera is on. Look at your toolbar (usually at the bottom) and select **Q&A**.

4. That will open the Q&A window. From here, find a small gear icon and click on it.

Q&A

5. Make sure that **Allow anonymous questions** is **unchecked** and that **answered questions only** is selected, then close that window.

☐ Allow anonymous questions

**Allow attendees to view**

☒ answered questions only

☐ all questions

☐ Attendees can upvote

☐ Attendees can comment

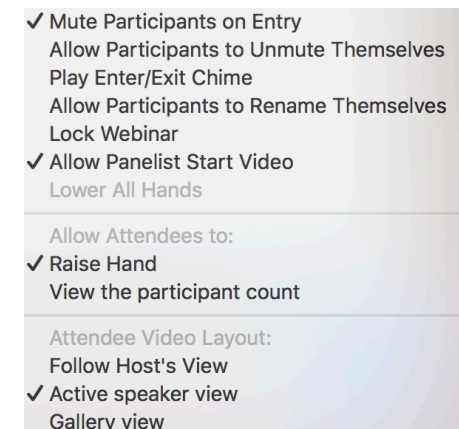

6. Next on your toolbar, find and click on the **Participants** button to open the Participants window (something you should leave open for the entire Webinar).

7. Towards the bottom, there will be a button that says **More** or on some clients you will see three dots ... that you can click on. This will open a small menu.

8. Make sure the settings on that menu are:  
Mute Participants on Entry – **checked**  
Allow Participants to Unmute Themselves – **unchecked**  
Play Enter/Exit Chime – **unchecked**  
Allow Participants to Rename Themselves - **unchecked**  
Lock Webinar -**unchecked**  
Allow Panelist Start Video - **checked**  
Allow Attendees to Raise Hand - **unchecked**  
Allow Attendees View Participants Count - **unchecked**  
Select **Active Speaker View** under **Attendee Video Layout** on this menu.

9. Next click on the arrow next to the **Screen Sharing** button on your toolbar to bring up the settings menu.

10. On the Screen Sharing Advanced Options, select allow for **All Panelists** under **Who can share?** as well as **Who can share when someone else is sharing?**

11. Next click on the **Chat** button on your toolbar to open the chat window,

12. At the bottom of the Chat window, click on three dots ... to open the chat settings menu.

13. Make sure the menu is set to **Allow attendees to chat with: No One**. Now you are done with the settings and can wait for your Panelists to show up.

Allow attendees to chat with:

- ✓ No one
- All panelists
- All panelists and attendees

14. When Panelists arrive, ask them to speak to make sure their audio is working.  
If it is difficult to see someone's face, ask them to adjust lighting or camera position.

## STEP 7: Start Broadcasting – Participants Admitted and Start Recording

1. When all of your attendees are ready to start, click the Broadcast button in the orange bar at the top of your screen.

Practice Mode Only: Attendees cannot join until you broadcast

Broadcast

2. Immediately start recording by clicking the Record button (or **More** button on some clients). You should be able to record to the cloud (recommended) or your local computer.

  
Record

3. At the end of the meeting, stop recording and click the **End Meeting** link.

End Meeting
